Guarantee

We guarantee to replace, at one-half the original purchase price, any plant or tree that we have supplied, which dies from natural causes within a period of one year provided the plants have been properly cared for, and provided payment has been received in 30 days or as

arranged. The cost of delivering and planting of replaced material is borne by the purchaser and replacement is made at our convenience. This guarantee does not apply to perennials, small fruit, roses and special quotations.

Globe Arborvitæ

ARBORVITAE

All prices balled and burlapped (B & B)

Arborvitæ, Globe—Globe-Dwarf plant, compact, natural globe form without shearing. Use in foundation plantings or as accent plant with spreading and upright evergreens. Each
12 to 15 inches \$4.00

Arborvitæ, American—Finest of all evergreen hedges, excellent too for lawn and foundation groups. Loves lots of moisture. Upright in growth. Each
2 to 2½ feet \$4.00
2½ to 3 feet 5.00

Arborvitæ, Siberian—Heavy, deeply chiseled foliage covers a rather low broad cone, more round than upright. 4 to 6 feet at maturity, but readily sheared to any shape or size. Each
2 to 2½ feet \$5.00
2½ to 3 feet 6.00

Arborvitæ, Oriental (Rochester Strain)—Can now be grown in colder sections by using this new hardy strain. Used for entrance and foundation plantings being a broad dense pyramid. A fine, fine windbreak, seldom showing any discoloration and extremely drought resistant! Each
3½ to 4 feet \$5.50

HEMLOCK

Hemlock, Canadian—Good all round evergreen for garden use. Valuable in combination with small ornamental trees and shrubs, and as a specimen. Unexcelled for creating quality hedges. Will even grow in shade! Needs protection from wind while young. Each
3½ to 4 feet \$12.50

JUNIPERS

Juniper, Andorra—This handsome dwarf Juniper is a popular terrace, edging, foundation, or bank plant, seldom reaching over 18 inches high. At the first touch of frost its silver green foliage turns a beautiful mauve pink, that is brought out so well when used in the foreground of plantings. Each

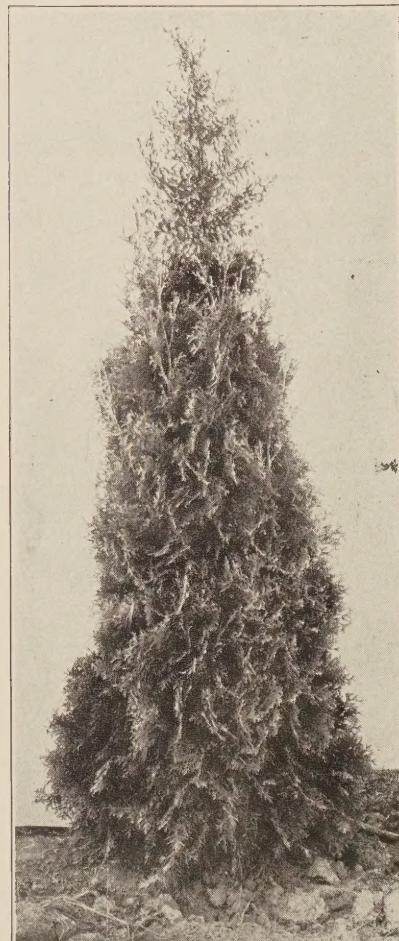

15 to 18 inches	\$5.00
18 to 24 inches	6.00

Juniper, Chinese—Tall columns of silvery blue. Hardy, easily established, and rapid in growth.

2 to 2½ feet	\$4.75
2½ to 3 feet	5.75
3 to 3½ feet	6.75
3½ to 4 feet	7.75
4 to 4½ feet	8.75

Juniper, Irish—Dwarf growing Juniper of upright, very dense, columnar habit, with bluish-green foliage. Makes a narrow column. Each

3 to 3½ feet	\$4.75
3½ to 4 feet	5.75

Pyramidal Arborvitæ

Juniper, Japgarden Dwarf—Here at the Nursery, we have never taken quite the interest in a new evergreen that we have in the fine little flat "carpet-like" Dwarf Japgarden Juniper. It seldom grows more than 6 inches high, spreads slowly. In a class by itself for diminutive beauty.

Each	
12 to 15 inches	\$6.00
15 to 18 inches	7.25

Juniper, Meyer Singleseed—Rich, unusual colors and unique form makes this one of the most fascinating of all evergreens. Rich, shiny blue foliage that in the sunlight takes on a distinct mauve blend. 2 to 4 feet high at maturity. A BEAUTIFUL STUDY IN COLOR HARMONY.

Each	
15 to 18 inches	\$6.00
18 to 24 inches	7.25

Pfitzer Juniper

Red Cedar

Juniper, Pfitzer—Our most popular spreading evergreen. Low irregular spreading evergreen with a soft feathery appearance. Extremely hardy and will grow most anywhere. "The" evergreen for foundations!

Each

15 to 18 inches	\$5.00
18 to 24 inches	6.00

Juniper, Pfitzer (Upright Trained)—Same as spreading Pfitzer except it is trained by pruning and staking to grow in an upright pyramidal cone. Very effective when used with the spreading form.

Each

2½ to 3 feet	\$8.50
--------------------	--------

Juniper, Common Polish—The hardiest of the upright common Junipers. More dwarf in habit, has a light silver green color.

Each

2 to 2½ feet	\$4.00
--------------------	--------

Juniper, Red Cedar—Compact, pyramidal evergreen popular for screens, hedges, windbreaks, and as specimens on the lawn.

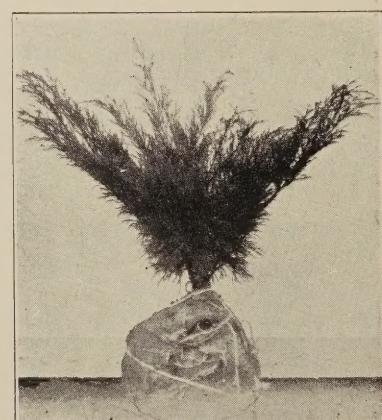

Each

2 to 3 feet	\$4.75
-------------------	--------

Juniper, Burk Red Cedar—A popular upright Juniper with blue foliage that can be trimmed into a broad upright formal tree that holds its color all year.

Each

2½ to 3 feet	\$7.00
--------------------	--------

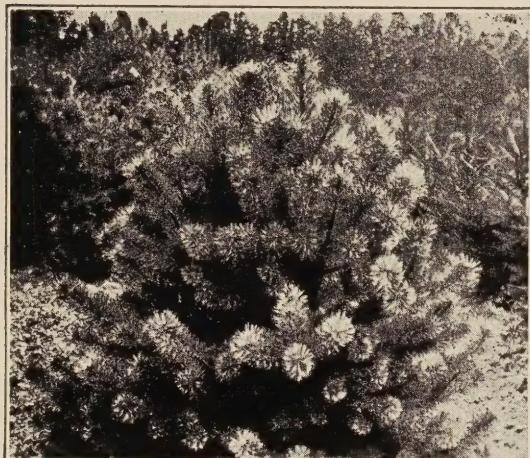

Savin Juniper

Juniper, Tamarix Savin—Beautiful green foliage of most artistic character. A low creeping evergreen, very compact, forming a low mat of light misty green. A handsome edging variety and splendid in modern foundation plantings. VERY LIMITED SUPPLY. Each
15 to 18 inches \$5.00

Juniper, Common Vase—Forms a distinct vase shape adding contrast to plantings. Each
12 to 15 inches \$4.00

PINES

Pine, Austrian—Few trees show such a remarkable resistance to trying conditions of the city. Needles are such a rich deep green, that it is often called the "Black Pine." Swell for specimens, background for your shrub border and an excellent windbreak. Each
2½ to 3 feet \$6.50

Austrian Pine

Pine, Dwarf Mugo—A dwarf Pine, with rich green foliage, developing a compact little globe. Good in foundation plantings, beds, and for grouping at side walk intersections. One of our most popular dwarf evergreens. Each
12 to 15 inches \$4.00
15 to 18 inches 5.00

Pine, Norway (Red Pine)—The Great Norway Pine of the Forest! Masses of long, soft, deep green needles contrast well with the reddish bark and hold their bright shining color year round. Splendid specimen planted along the driveway, and develops an impressive permanent windbreak. Each
2½ to 3 feet \$6.00

Pine, Scotch—Staunch, hardy, beautiful, evergreens for windbreak and specimen planting. One of the fastest growing Pines. In older years a delightful irregularity of outline gives picturesque landscape effects. Each
2½ to 3 feet \$6.00
3 to 3½ feet 7.50

Pine, White—"King of Pines" has graceful and majestic stature, extremely rapid grower, hardy and dependable. Needles are so easily moved by the slightest breeze that a wonderful refreshing sighing is kept up. Each
2½ to 3 feet \$6.50
3 to 3½ feet 8.00

SPRUCE

Spruce, Norway—For many years it has been in great demand for windbreak plantings, hedges, background groups as well as living Christmas trees. A tall compact pyramid with deep green needles, 60 feet high at maturity. Each
2½ to 3 feet \$5.00
3 to 3½ feet 6.00

YEW (TAXUS)

"The Cadillac of Evergreens"

Yew, Hicks—An upright type growing in a narrow column with multiple leaders. Rapid growing and has a deeper green color than most yews. Each
2½ to 3 feet \$13.50

Yew, Browns Dwarf—Has a dense habit and rich green color. It differs from spreading yews being more vase shaped in outline. Makes an excellent low hedges and is good for restricted areas, planter boxes, shady locations and modern foundation plantings. Each
15 to 18 inches \$11.00

Yew, Dwarf Japanese—This spreading yew has a deeper green foliage color than the regular Japanese Spreading Yews and much slower growing. More dense in habit and well adapted for planting in confined areas. Each
15 to 18 inches \$10.00

Yew, Spreading Japanese—Ideal for shade: Deep green spreader type. Branches covered with plump "waxy" foliage. Highly desirable for foundation plantings or to mass in front of taller evergreens. Each
12 to 15 inches \$7.00
15 to 18 inches 10.00
18 to 24 inches 12.00
2 to 2½ feet 15.00

Yew, Upright Japanese—One of the most truly beautiful evergreens. It grows slowly with a delightful irregularity of outline; its branches covered with the rich, wavy, green foliage characteristic of all yews. Some trees have bright red berries in the fall. Each
18 to 24 inches \$10.50
2 to 2½ feet 13.50
2½ to 3 feet 17.50

NEW!! DWARFTHREAD FALSECYPRESS

Introducing to the midwest, a fine dwarf evergreen. Can be used in shade or sun. Perfectly hardy in our 9 year field trial. Low mound shape. Truly a dwarf globe beauty! Matures at 4 feet. Each
18 to 24 inches \$6.00
2 to 2½ feet 7.00
2½ to 3 feet 8.00

EVERGREEN WINDBREAKS

Arborvitae, American, 2 to 3 feet, B&B.....	\$2.50
Arborvitae, Oriental, 18 to 24 inches, bare root	1.00
Arborvitae, Oriental, 2 to 2½ feet, B & B	2.25
Arborvitae, Oriental, 3 to 4 feet, B&B.....	3.50
Pine, Norway, 2 to 3 feet, B&B	3.00
Pine, Austrian, 2 to 3 feet, B&B.....	3.00
Pine, Scotch, 15 to 18 inches, bare root.....	1.25

Our standard guarantee void on special prices.

The above prices based on quantities of 20 or more F.O.B. LaFayette. No orders accepted after May 1.

BROADLEAF EVERGREENS

Barberry, Wintergreen (Julianæ)— A substitute for boxwood and can be used as a short hedge, specimen in small restricted places. Fine near pools or ponds. Use in part shade. Each 18 to 24 inches, B & B	\$6.75
---	---------------

Barberry, Sargent's— Very similar to Wintergreen Barberry except it is slightly taller growing. Each 18 to 24 inches, B & B	\$7.50
---	---------------

NEW! Corliss Euonymus

Here is something new! The broadleaf beauty of Euonymus foliage especially developed into two shrub forms, without support or training. They will, however, respond to shearing if a slightly altered shape is desired—these forms of Euonymus, because of their hardiness make the broadleaf evergreen shrub available where our climate here in Illinois prohibits such items as Azaleas, Boxwood, and Holly.

Euonymus Emerald Pride (Patent 1073)—Neat, compact, evergreen shrub of ovoid form, with ultimate height of 4 feet and spread of about 3½ feet. Distinctly upright growth from one stem without support!

Euonymus Emerald Charm (Patent 1079)—Exceptionally compact specimen for upright narrow shape. Suitable for a pillar shrub, hedge, or pyramid. Ultimate height 4 to 5 feet, spread about 18 inches. Responds to shaping.
Each
12 to 15 inch pots

\$3.95

Euonymus, Littleleaf Wintercreeper (Acutus)— Lowest growing of the Euonymus, this little gem seldom reaches 6 inches in height as a ground cover. Equally good in dense shade as it is on steep sunny banks. Also a good climbing vine for house walls, chimneys, tree trunks and garden walls. Plant 18 inches apart as a ground cover, 6 feet apart as vine. Each 12 to 15 inches	\$1.00
15 to 18 inches, B&B	2.00

Euonymus, Purpleleaf Wintercreeper (Coloratus)— Leaves quite large, purplish fall and winter. An excellent ground cover and fine as a climbing vine. Each 15 to 18 inches	\$1.50
15 to 18 inches, B & B	2.25

Euonymus, Upright Wintercreeper (radicans erectus)— A broad, spreading, shrub clothed in rich, bright green foliage that remains on the plant the year around. It's a plant that blends well with established evergreen plantings. The abundance of richly colored orange and red berries add to its attractiveness. Each 12 to 15 inches, bare root	\$1.50
15 to 18 inches, B & B	3.75

Euonymus Saracoxie Upright Wintercreeper— Hardy-compact-evergreen. Rapid grower that will stand hot dry summers and varied winter conditions. Used as specimens or in groups plantings to 3½ or 4 feet high. Leaves are thick, glossy green year round. Each 15 to 18 inches, B & B	\$3.00
---	---------------

Holly, American (Ilex opaca)— An old Holly that is at last receiving its due recognition. Evergreen, tall, narrow pyramid, leaves with the characteristics of spiny-toothed Holly leaf. Red Holly berries appear in late fall through winter. Much used for Christmas decorations. Each 18 to 24 inches, B & B	\$10.00
3½ to 4 feet	20.00

Mahonia, Oregon Grape Holly— It has striking Holly-like leaves that vary in hue from dark green to shadings of reds and bronzes. Best in partially shaded spots. Yellow flowers in Spring followed by blue berries. Excellent as a contrast plant and leaves are fine for interior decorating too!! Each 18 to 24 inches, B & B	\$7.00
---	---------------

Pachistima canbyi (Ground Cover)— Small Holly-leaved prostrate evergreen shrub—spreads to 18 inches. Several planted together make a charming ground cover. Grows well in sun or shade. Because of its fine habit, without any care, it is rapidly becoming first choice as a ground cover for graves as well as small shady spots in the garden. Plant 6 inches apart. Each 2 inch pot60
per 10	5.00

Laurel Cherry, Schipka— Long evergreen leaves. White flowers in May followed by purple-black berries in late summer. Rapid grower and can be clipped to any size desired. Excellent for cutting winter greens for home decorating. Each 12 to 15 inches, cans	\$2.00
---	---------------

Pyracantha Leland Firethorn— Heavy fruiting shrub which may be trained as a vine. Large trusses of white flowers in late spring followed by orange-scarlet holly-like berries. Prefers warm, sunny spot. Each 6 inch pots	\$3.00
---	---------------

Rhododendron, Catawba (Lavender) & Rhododendron, Rosebay (Pink)— Some of the most striking shrubs. Rhododendrons will solve your problems for shady locations. Foliage is rich, large glossy green and stays that way year round. KEEP AWAY FROM WINTER SUN and make soil mix ½ peat. Each 18 to 24 inches, B & B	\$10.00
2 to 2½ feet, B & B	12.50

Teucrium, Germanander—A well drained good garden soil is all that is required to grow these to perfection. Plant in full sun 6 inches apart for a beautiful edging hedge resembling dwarf Boxwood around rose beds, perennial beds, large shrubs or just along either side of your entrance walk. Clipped to any height up to 12 inches. Each
3 year cans each \$.75
per 10 6.95

SHADE TREES

NOTE: Sizes are given as average height, i.e., 5 to 6 feet, or measured by the diameter of the stem 6 inches above the ground, i.e., 2 to 2½ inches.

Prices following are based on the trees being dug bare root, except where noted as B & B. B & B means that the tree is dug with a solid ball of earth. With this method small hair roots are not disturbed.

Special quotations will be made on any of the trees B and B.

Ash, Green—A tough, long lasting tree of moderately rapid growth. Turn a bronze and purple color in fall. Fine shade tree for lawn or street as it has an open habit, permitting good sod underneath. Each
6 to 8 feet \$4.75

Ash, European Mountain—The graceful fine foliage and symmetrical round head of this tree make it well suited to specimen planting. The bright red-orange berries give it a place in every planting as a truly colorful ornamental tree to 25 feet in height. Each
5 to 6 feet \$3.75
6 to 8 feet 6.00
8 to 10 feet 8.00
(Sizes available to 3 inch trunk caliper)

Ash, European Mountain (Clump Form)—The same brightly colored fruits and fine foliage of the Mountain Ash and differs in that there are 3 or more trunks in clump form growing from one root system. Each
5 to 6 feet \$5.25

Birch, Clump—Beautiful landscape and home lawn tree with several trunks in clump form growing from one root system. Snowy white bark develops in a few years giving it winter as well as summer charm. Each
7 to 8 feet \$7.50

Birch, Cutleaf Weeping—Its graceful weeping branches, and shimmering white bark make this one of the most beautiful ornamental trees. Even in winter, without foliage, the branches make a lovely silhouette against the drab colors of other trees. Each
6 to 7 feet, light-bare root \$5.50
7 to 8 feet, light-bare root 6.75
6 to 8 feet, B & B 10.00
8 to 10 feet, B & B 12.50

Birch, European White—A graceful tall tree, showing a white bark as it matures. A fine ornamental tree in any position, especially in evergreen group, where the bark shows up most effectively. Each

6 to 8 feet, bare root	\$ 4.50
6 to 8 feet, B & B	8.00
8 to 10 feet, B & B	10.00

Birch, Pyramidal European White—Columnar in habit. Stately and commands the landscape with its gleaming white bark and tall narrow form. Each
5 to 6 feet

\$5.00

FLOWERING CRABS

Crab, Almey—Our most sensational Flowering Crab. It has huge dollar-size blooms of a rich fiery crimson. At a distance the tree looks as though it were a mass of flame. Semidwarf, 12 to 15 feet. Blooms very young. Very hardy and disease resistant. Each
4 to 5 feet \$4.50
5 to 6 feet 5.75

Crab, Pyramidal Sundog—Has large rounded blossoms red in bud, opening to pink with a trace of mauve shading. The habit is distinctly columnar, narrow but strong and requiring but little ground room. Each
5 to 6 feet

\$6.00

Crab, Zumi (Calicarpa)—This wide growing, well formed tree is the finest of Crabs. A very heavy bloomer with pink buds that open into pure white flowers. The fruit is bright red to orange and persists into February. Each
4 to 5 feet

\$4.00

Chestnut, Chinese—Early bearing, sweet meated, delicious, blight resistant Chestnut. Very similar to our former native American Chestnut. Ideal yard and shade tree. Each
3 to 4 feet, B & B

\$5.00

Dogwood, White Flowering—This tree has year round appeal with its showy flowers, brilliant red fruits, red to scarlet fall leaf color, individualistic form with its horizontal branching and its interesting winter buds. To 25 feet in height. Each
3 to 4 feet, B & B

\$ 6.00

4 to 5 feet, B & B	10.00
5 to 6 feet, B & B	13.00

Dogwood, Pink Flowering—Fully the same beautiful tree as above but with handsome Pink flowers, rather than white. Each
2 to 3 feet, B & B

\$7.50

3 to 4 feet, B & B	9.00
--------------------------	------

Elm, American—OUR COUNTRY'S GREATEST TREE. Noble spreading giant and a great favorite. Its immense spread furnishes a wonderful shade. Leaves large and bright green. Majestic, hardy, and long lived. 60 to 80 feet at maturity. Each
6 to 8 feet

\$4.00

8 to 10 feet	5.50
--------------------	------

Elm, Hybrid—If you want shade in a hurry, and a tree that is hardy, long lived and firm wooded, this is the tree for you. Often grows 8 to 10 feet a year!! Eleven year record of disease resistance. Great resistance to breakage from high winds, ice and snow. VERY LIMITED SUPPLY.

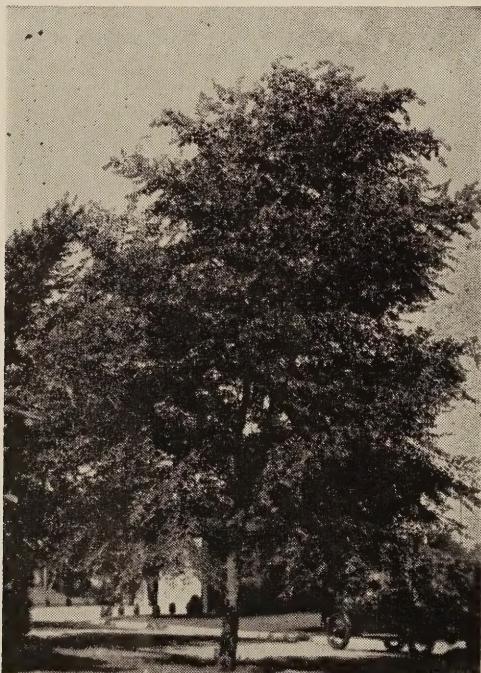

Each	\$4.50
6 to 8 feet	

Elm, Buismans—It has a straight trunk with slender and strong, ascending branches that form a pyramidal head or sometimes spreading and forming a round-topped head. The handsome foliage is dense and dark green. Highly satisfactory, both for lawn and street planting. Repeated tests over many years show that it is HIGHLY RESISTANT TO BOTH PHLOEM NECROSIS AND DUTCH ELM DISEASE.

Each	\$7.50
6 to 8 feet	

Elm, Chinese—Graceful, quick growing shade tree that has gained wide popularity all over the country. Often grows 5 to 8 feet a year. We have fine trees again this year, heavily branched, well rooted. 40 feet at maturity.

Each	\$4.00
6 to 8 feet	
8 to 10 feet	5.50

Chinese Elm

Elm, Moline—A rapid growing tree which produces maximum shade in a hurry. Compact, upright growth. This variety was discovered growing at Moline, Illinois.

Each	\$9.00
10 to 12 feet	

Hawthorne, Pauls Scarlet Flowering—One of our most beautiful lawn trees. A decorative tree with an abundance of carmine-red flowers in late May or early June followed by bright red berries. It has very attractive deep-cut leaves. Hardy and very desirable.

Each	\$6.00
5 to 6 feet, bare root	
6 to 7 feet, B & B	10.00

Hawthorne, Double Pink Flowering—Same as Pauls Scarlet, except has double pink flowers in the spring.

Each	\$10.00
6 to 8 feet, B & B	

Hawthorne, Washington—Has so many reasons to recommend it. Small tree to 25 feet. Leaves turn a bright scarlet in the fall. Showy white flowers in May. The most outstanding characteristic is the excellent shining scarlet red fruits that persist practically all winter.

Each	\$4.00
3 to 4 feet, bare root	
1½ to 2 inches, B & B	15.00

Locust, Thornless—Here is the beautiful Honey Locust. NOW WITHOUT THORNS. Highly regarded as a shade tree because it grows so rapidly, yet is very strong wooded, not breaking up in storms.

Each	\$ 5.00
6 to 8 feet	
1½ to 2 inches	20.00
4 to 5 inches, B & B	150.00

Locust, Thornless "Imperial" (Patent Pending)—Exceptionally graceful spreading tree. Branches are symmetrically arranged, forming a compact tree. It grows straight and strong WITHOUT STAKING. Extremely rapid grower with good and strong branches.

Each	\$6.00
4 to 5 feet-whips	

Locust, Thornless "Majestic"—Strong graceful tree, much more regular and compact than the Honey Locust. It is entirely thornless and grows straight without staking. Here is a sturdy tree of outstanding style and character available at ordinary prices.

Each	\$5.25
4 to 5 feet whips	

Locust, Thornless "Moraine" (Patent No. 836)

—An improved Honeylocust with a round head when young, but tall and vase shaped when older. Grows to 30 feet 7 years after planting and ultimately to 80 feet. THORNLESS, SEEDLESS, withstands flood and drought. Long lived. The No. 1 shade tree on the hit parade!!

Each	\$ 6.00
5 to 6 feet whips	
6 to 8 feet	10.00

Locust, Thornless "Sunburst" (Patent No. 1313)

—The first new color in a hardy ornamental shade tree in decades. Bright golden foliage on 8 to 10 inches of branch tips, contrasts with the rich green of the balance of the tree. APPEARS TO BE IN BLOOM ALL SUMMER! Exactly the same thornless and seedless characteristics of the Moraine Locust. Very sturdy, and rapid growing.

Each	\$6.25
5 to 6 feet	

Linden, Pyramidal American—Among the best of our shade trees. Widely used for ornament as specimens and are especially valued as street trees. It has a narrow pyramidal form with ascending branches.

Each	\$4.25
5 to 6 feet	

Magnolia, Saucer (Pink)—It makes a small tree with shining green leather leaves and in early spring produces its enormous saucer shaped pinkish white flowers, (purplish outside). Showiest of the family for planting in northern gardens, and when in bloom, even one plant will dominate the garden — YES — even the neighborhood.

Each	
3 to 4 feet	\$15.00
4 to 5 feet	17.50

Magnolia, lennei (Red)—Flowers are the darkest of the Magnolias, a rich rose purple, one of the latest varieties to bloom. A magnificent sight

Each	
18 to 24 inches	\$7.00

Maple, Norway—Medium rapid grower and one of the most loved trees in America. Almost from the start it develops a symmetrical rounded top, densely covered with dark green foliage. In late fall its red, yellow, and orange colors light up the country side. There is no finer tree for street and lawn planting.

Each	
6 to 8 feet	\$ 6.75
8 to 10 feet	9.00
4 to 5 inch, B & B	175.00

Maple, Pyramidal Norway—"The Shade Tree With A Future." This valuable Maple has a single stemmed structure with side branches sweeping upwards. Its spire like habit lends a note of dignity, hard to equal. Particularly useful for accent, shallow lawnstrips, or narrow streets where its tall form fits into the scheme very effectively.

Each	
6 to 8 feet	\$9.50

Maple, Variegated Leaf—This dainty aristocrat with its silver edged leaves is one of the smallest of the Norway Maples. Merits use where an easily grown and easily maintained, yet showy tree is wanted.

Each	
6 to 8 feet	\$9.50

Maple, Schwedlers Redleaf—This tree can really "Do Things" for that lawn of yours. Brilliant purplish-red leaves in the spring offer contrast with the vivid greens of surrounding nature. Gradually softens to bronze and later to waxen green. We recommend this as one of America's finest and most enduring lawn and street trees.

Each	
6 to 8 feet	\$ 8.00
1 1/4 to 1 1/2 inches	11.00
1 1/2 to 1 3/4 inches	15.00
4 to 5 inch trunk caliper, B&B	195.00

Maple, Crimson King (Patent No. 735)—Unquestionably the most beautiful of all Maple shade trees. The only variety in existence that retains its rich, dark, crimson color throughout the season. This creates an exciting contrast to lawns and shrubs. Excellent for large or small lawns.

Each	
5 to 6 feet Whips-light	\$ 5.00
5 to 6 feet, branched	10.00
6 to 8 feet, branched	12.50
1 1/4 to 2 inches, branched	30.00

Maple, Red—One of our most colorful trees in both spring and autumn. Red fruits in the spring before the leaves and BRILLIANT red fall foliage, sometimes orange or yellow. Rapid grower producing heavy shade under which grass can be grown.

Each	
6 to 8 feet	\$ 7.00
2 to 2 1/2 inches, B & B	35.00

Maple, Silver—This is the MOST RAPID growing of all our shade trees, growing to immense size in a hurry. New home owners will welcome the shade this tree gives in just 4 or 5 years. An excellent shade tree, easy to transplant and extra hardy here in Illinois.

Each	
6 to 8 feet	\$ 4.00
8 to 10 feet	5.00
1 1/2 to 2 inches	12.50
2 to 2 1/2 inches	15.00
3 to 4 inch trunk caliper, B & B	85.00

Maple, Sugar—"Glorious in its range of autumn colors". Probably our best tall shade tree. The leaves are beautiful autumn tints of yellow, orange, and scarlet. Medium rapid grower.

Each	
6 to 8 feet	\$ 7.50
5 to 6 inch trunk caliper, B & B	195.00
6 to 7 inch trunk caliper, B & B	250.00

Sugar Maple

Oak, Pin—A noble tree and the most valuable of all Oaks for general planting. Beautifully carved foliage of deep waxy green assumes bright orange and red colorings in the fall. Extremely long lived and hardy. 50 feet at maturity.

Each	
6 to 8 feet	\$ 9.00
8 to 10 feet	12.00

Oak, Red—Magnificent native tree of large size and rapid growth. Deeply cut foliage of bright waxy green that turns a brilliant purplish red in fall. Excellent for shade as lawn or avenue tree.

Each	
5 to 6 feet	\$7.50

Oxydendron, Sourwood—A swell small tree. There just isn't a more beautiful specimen tree. Shining bright green leaves. Entire tree covered with small white flowers in late summer. Later the light gray fruit makes a delightful contrast with the deep scarlet fall colored foliage.

	Each
18 to 24 inch, B & B	\$3.25

Planetree, London—One of the most useful street trees. It has a broad coarse, foliage which resists smoke, dust and ravages of insects and carries its summer green until late in the autumn. For a rapid growing tree of permanence it holds first place.

	Each
6 to 8 feet	\$10.00
8 to 10 feet	12.50

Poplar, Lombard—Very tall, rapid-growing tree with spire like habit. Its tall, narrow lines make it PICTURESQUE, and commands the landscape for miles. Used extensively in screens or to accent shrubbery groups.

	Each
6 to 8 feet	\$1.50
8 to 10 feet	2.50

Poplar, Boleana—An aristocratic tree of many uses. Tall, slender and narrow in growth habit. Long-lived, clean, can be used as screen plantings between properties to eliminate undesirable views and is very effective when used on grounds of ranch style homes to relieve monotony of horizontal lines!

	Each
8 to 10 feet	\$3.50

Plum, Redleaf "Thundercloud"—The vivid red color from a distance looks like an ominous thunderhead cloud. Outstanding for its ability to hold its red color during the hot summer months.

	Each
5 to 6 feet	\$4.50

Plum, Redleaf "Cistena"—Outstanding for its brilliant red foliage throughout the growing season. Has a small pink bloom in spring.

	Each
4 to 5 feet	\$4.95

Plum, Flowering—Blooms early in May before the leaves come out. Delightful double quilled bright pink flowers study every twig and branchlet so heavily no wood is visible. Very handsome and should not be left out of any garden.

	Each
4 to 5 feet	\$3.75

Red Bud (Cercis)—Before the leaves come out the branchlets are literally loaded with clusters of small purplish-pink pea blossoms. Native in Illinois. The foliage consists of attractive medium sized heart-shaped leaves. VERY ORNAMENTAL.

	Each
2 to 3 feet, B & B	\$3.00
3 to 4 feet, B & B	4.00

Tuliptree—A tall straight tree with handsome, light green foliage of very unusual shape. It bears large greenish yellow flowers resembling a tulip in later life. It makes a very excellent shade tree. Fast grower but FIRM WOODED.

	Each
2 to 3 inch trunk caliper, B & B	\$35.00

Weeping Willow, Niobe—Handsome weeping tree, with golden yellow bark and leaves with a pronounced lacy effect. Exceptionally strong, hardy, graceful tree.

	Each
6 to 8 feet	\$4.00
8 to 10 feet	6.00

Weeping Willow

Willow, "Contorted Hankow"—A very odd appearing horticultural curiosity. Upright with a corkscrew twist. Compact growing, large shrub or small tree. The ideal garden tree for the unusual. Ultimate height, 12 to 15 feet.

	Each
6 to 8 feet	\$4.95

Acanthopanax, 5-leaved Aralia—Medium growing shrub which is valuable because of its ability to grow in shaded areas. Has light green foliage and makes a dense shrub with shearing. Bears small thorns on stems.

	Each
2 to 3 feet	\$1.50

Almond, Flowering Pink—This continues to be one of the aristocrats among flowering shrubs. New habit of growth never gets out of bounds. Stems are covered in early spring with double pink flowers. Should be in every shrub border for early spring color. Excellent in foundations.

	Each
18 to 24 inch	\$1.50
2 to 3 feet	2.00

Almond, Flowering White—The small very double rosettes grow in great abundance along the stems in early spring. Lovely when in bloom. Ultimate height, 4 feet.

	Each
18 to 24 inches	\$1.75

Althea, Rose of Sharon—Upright growing shrub noted for its profusion of large blooms in September and October. This is the only shrub which produces varied color in the border for fall. Named colors in red, pink, white and blue.

	Each
2 to 3 feet	\$1.75
3 to 4 feet	2.25

Barberry — See Hedges.

Buddlia (Butterfly Bush) —For delicate coloring, long blooming period, for hardiness and general dependability, these Buddlias listed below are unexcelled. NOT only are the blooms exquisite, but they will attract the most colorful butterflies— Charming — (Bright Pink) — Ile de france — (Claret Purple) — Empire Blue — Royal Red . 3 year plants	\$1.95	
Calycanthus, Sweet Shrub —Dense specimen with large glossy leaves, growing well in shade. Deliciously spicy fragrant, dark maroon chocolate flowers in early June and blooms all summer. Each 2 to 3 feet	\$1.75	
Caragana "Siberian Peashrub" —A hardy upright shrub with yellow pea-like flowers. Its rugged nature makes it ideal for exposed locations. Each 18 to 24 inches	\$1.50	
Caryopteris "Blue Mist" —Grows 24 inches high, perfectly rounded making a small mound about 2 feet in diameter covered from August 'til frost with powdery blue fringed flowers. Each 18 to 24 inches	\$1.50	
Cephalanthus "Buttonbush" —Lovely plant with White globe-shaped flowers in late summer when few other woody plants are in bloom. Fine along bank of pool or pond. Each 18 to 24 inches	\$1.50	
Chionanthus, White Fringetree —A handsome, tall growing shrub of tree-like proportions. Fragrant drooping panicles of white flowers in May and June. Large green leaves turning yellow in fall followed by small blue plumlike fruits. Each 2 to 3 feet, B & B	\$3.95	
Clethra, "Summersweet" —Welcome in any shrub border. Shows white flowers from early July and continues its dazzling display until the middle of August. The pleasing fragrance would charm the "Dourest of the dour." Plant this shrub in groups where its fragrance can fill the air. Each 2 to 2½ feet	\$1.75	
Coralberry, Hancock —An outstanding introduction for ground, cover, bank planting or front of shrub border. Forms an extensively dense, neat mat with small healthy foliage and lots of rosepink berries. Each 18 to 24 inches	\$1.50	
Cotoneaster, Cranberry (Apiculata) —A beautiful dwarf Cotoneaster. This little known variety grows about 2 feet high with arching branches weighted down in the autumn with masses of bright crimson fruits about the size of a Cranberry. Foliage is shiny green. Is not subject to red spider or other troubles. Each 15 to 18 inches, B & B	\$4.95	
Cotoneaster, Peking (Acutifolia) —Glossy bright green leaves gives polish to foundation groups and landscape borders. Rich scarlet colors in the fall, and jet black ornamental fruit. We consider it one of the best landscape shrubs. Each 4 to 6 feet high at maturity. 2 to 3 feet, Heavy	\$1.95	
Daphne, Somerset —Very dwarf shrub covered with blue green almost evergreen leaves. Each stem is tipped with dense clusters of rose-pink deliciously fragrant flowers in April and May. Should have a sunny location here in Illinois. Each 18 to 24 inches, B & B	\$4.95	
Deutzia, Slender (Gracilis) —Charming little shrub dwarf, bushy, covered with dainty white flowers in May and June. Excellent for foundation groups or edging. Fine to clump at the entrance walk. Each 15 to 18 inches	\$1.75	
Deutzia, Fuzzy —A handsome shrub useful in borders as a specimen. Blooms in early summer with white tinged pink. Each 18 to 24 inches	\$1.50	
Dogwood, Variegated Creamedge —One of the finest Dogwoods grown today, although one of the rarest shrubs among nurserymen. Branches have bright red bark and foliage is a strikingly variegated (greenleaf with cream colored edges). The color contrast on this shrub creates a fine landscape effect. Each 18 to 24 inches	\$2.00	
Redtwig Dogwood —18 to 24 inches, each Yellowtwig Dogwood —2 to 3 feet, each.....	\$1.50 \$2.00	
For winter color "Par-excellence" the blood red twigs of the Red Dogwood and the bright yellow twigs of the Yellowtwig Dogwood can't be matched. Try a couple of each and add that welcomed, bright color to an otherwise drab winter!! Berries attract 93 kinds of birds.		
Elder, Golden (Sambucus) —Its golden yellow leaves contract well with other shrubs. Flowers white, in flat topped clusters. A heavy fast growing shrub. Each 2 to 3 feet	\$1.75	
Euonymous alatus (Winged Euonymus) —Has compact habit, wood very corky which gives it the name of cork bark. Has small delicate flowers in late spring, followed by red berries in the fall. Foliage turns a brilliant fiery red in the fall. Each 3 to 4 feet	\$4.25	
Euonymous alatus compacta (Dwarf Winged Euonymus) —Every place should have one of these year round beauties. In late fall, foliage turns the most vivid copper-red-rose hues. One of the most useful shrubs in existence. Can be used in either foundation or border plantings. Each 18 to 24 inches	\$3.25	
Euonymous, Yeddo —An oriental form of the Euonymus which is outstanding because of its large showy leaves, which turn a brilliant orange in the fall. Each 2 to 3 feet	\$1.75	
Euonymous, European "Aldenhamensis" —This upright shrub to 4 to 5 feet is among the finest of the fruiting ornamentals. The rigid branches carry extra large rose-red fruits which age to a brilliant red and are retained long after the leaves have dropped. Free from "Bugs and troubles." Excellent for the small garden! Each 2 to 3 feet	\$2.00	

A HELPFUL SERVICE —

To assist in the proper selection of plant material for various conditions, uses and requirements, and to easily classify plants as to fruit, colors, and other characteristics we refer you to the following lists.

All plants recommended are either offered in this catalogue or available at the Nursery. This reference will enable you to quickly and

TREES SHOWING FIRST FOLIAGE—SPRING

Cercidiphyllum, *japonicum*—Bronze to reddish
Maple, Crimson King—Red
Maple, Red—Bronze to reddish
Maple, Schwedler Red Leaf—Bronze to reddish
Maple, Variegated Norway—Creamedged
Willow, Niobe Weeping—Yellow-green

DECIDUOUS TREES WITH LEAVES COLORED THROUGHOUT THE GREATER PART OF THE GROWING SEASON

Crab, Flowering *eleyi*—Reddish green
Crab, Flowering Red Silver—Reddish green
Locust, Sunburst—Golden-yellow
Maple, Crimson King—Red
Maple, Variegated Norway—Cream edged leaves
Plum, Redleaf Cistena—Red
Plum, Redleaf Thundercloud—Red
Poplar, Boleana—Gray-blue
Russian Olive—Gray

TREES WITH VIVID AUTUMN COLOR—RED—

Ash, European Mountain

SHRUBS WITH ATTRACTIVE FRUITS— THEIR COLOR AND PERIOD OF EFFECTIVENESS

RED FRUITS—

Almond, Flowering (Aug. 15-Sept. 15)
 Barberry, Japanese Green (Sept. 15-April 1)
 Barberry, Mentor (Sept. 15-Dec. 15)
 Chokeberry, Red (Oct. 1-Jan. 1)
 Cotoneaster apiculata (Sept. 15-Dec. 15)
 Currant, Alpine (July 15-Sep. 1)
 Elder, Golden (Aug. 15-Oct. 1)
 Euonymus alatus (Oct. 10-Dec. 1)
 Euonymus vegetus (Oct. 1-Jan. 1)
 Euonymus yeddo (Sept. 15-Dec. 1)
 Honeysuckle, Fragrant (May 15-June 15)
 Honeysuckle, Morrows (May 15-June 15)
 Honeysuckle, Zabeli (June 15-Aug. 15)
RED—
 Maple, Amur (July 15 - Sept. 15)
 Photinia "Christmasberry" (Sept. 15-Nov. 15)
 Prunus tomentosa (June 15-July 1)
 Pyracantha, coccinea lalandi (Oct. 1-Jan. 1)
 Rose, Father Hugo's (Oct. 1-Nov. 10)
 Rose, Grootendorst (Aug. 15-Nov. 1)
 Sumac (July 15-Feb. 15)
 Yew (Sept. 1-Dec. 1)

BLUE FRUITS—

Barberry, Julian (Sept. 1-Nov. 1)
 Chionanthus "White Fringe Tree" (Sept. 15-Oct. 15)
 Junipers (Sept. 1-Dec. 1)
 Mahonia "Grape Holly" (July 15-Aug. 1)

Viburnum dentatum (Sept. 1-Nov. 1)

BLACK FRUITS—

Cotoneaster acutifolia (Sept. 1-Nov. 15)
 Privet, Amur (Oct. 1 - May 1)
 Privet, ibolium (Oct. 1-March 15)
 Privet, Golden (Sept. 1-Nov. 1)
 Privet, Lodenense (Oct. 1-March 15)
 Viburnum lantana (Sept. 15-Nov. 15)
 Viburnum prunifolium (Sept. 1-Nov. 1)

WHITE FRUITS—

Dogwood, Redtwig (Aug. 15-Sept. 15)

YELLOW FRUITS—

Russian Olive

GRAY FRUITS—

Purple Fringe

SHRUBS AND VINES FOR BANK PLANTING

Barberry, Japanese Greenleaf
 Barberry, Japanese Redleaf
 Clethra, alnifolia
 Coralberry, Hancock

Dogwood, Redtwig
 Forsythia, Arnolds Dwarf
 Juniper, Andorra
 Ninebark, Dwarf
 Sumac, Aromatic
 Spirea, Billiard
 Viburnum dentatum
 Vinca Minor

VINES

Bittersweet
 Honeysuckle, Halls
 Ivy, Engleman
 Ivy, English

SHRUBS AND VINES WITH THORNY STEMS

(Chiefly of value as barrier plants)
 Aralia, 5-leaf
 Barberry, Japanese Greenleaf
 Pyracantha
 Quince, Flowering
 Russian Olive

PLANTS USEFUL AS GROUND COVERS

Bittersweet
 Chokeberry

 Yew, Upright Japanese 1, 2, 4, 6, 8

Forsythia, Border—One of the most desirable for foundation and border planting, because of its very graceful habit. Flowers, yellow and bell shaped, bloom along the entire length of branches early in the spring before the leaves appear. Each
2 to 3 feet \$1.50

Forsythia "Spring Glory"—Large pale yellow blossoms of great loveliness. Extremely heavy flower production that heralds the arrival of spring magnificently. Each
2 to 3 feet \$1.75
3 to 4 feet 2.25
4 to 5 feet 2.75

Forsythia, Dwarf Border—New, low growing (2 feet) type of merit for foundation, accent and ground cover use. Drooping branches take root on touching the ground. Each
18 to 24 inches \$1.75

Forsythia "Lynwood Gold"—Wonderful new "Golden Bell" from Ireland. Branches truly smothered under brilliant yellow flowers from top to bottom. We feel this variety will replace all other deep yellow varieties in years ahead, because the individual blooms are fuller and of richer substance than the usual. For splash of yellow-gold in your spring landscape there is nothing finer. Splendid for cutting and forcing in the house during winter months. 5 to 7 feet at maturity. Each
18 to 24 inches \$1.75

Honeysuckle, Claveys Dwarf—New dwarf shrub. So fine for the ranch style homes, low foundation or borders. Develops a dense, broad shrub to 3 feet high. Makes an excellent dwarf, compact hedge, and individual plants of note, where smaller dwarf type shrubs are needed. 18 to 24 inches \$1.75

Honeysuckle, Winter (fragrantissima)—A clean handsome shrub with a long season of foliage. Flowers very early spring, fragrant. Has red fruits in early summer, attractive to birds. 18 to 24 inches \$1.50

Honeysuckle, Morrows—The Japanese Bush Honeysuckle is a heavy bush with dense foliage. Excellent screening plant. Flowers white, fruit bright red. This shrub branches well to the ground. A good tight screen for that "Outdoor living room" of yours! Each
2 to 3 feet \$1.50

Honeysuckle, Zabeli—OUR BEST SCREENING PLANT. A rapid growing large shrub that will give your yard the privacy and freedom from "Neighbors," plus screening out unsightly views, very rapidly and effectively. Flowers are a bright red. The foliage is a lively blue-green throughout the season. Grows to 10 or 12 feet in a hurry!! Each per 10
3 to 4 feet \$1.75 \$15.00
4 to 5 feet 2.25 20.00

Hydrangea, arborescens grandiflora (Hills of Snow)—The flowers are similar to snowballs in appearance, white and imposing, blooming throughout the season. Excellent for solid low borders and foundation plantings. One of the few shrubs which bloom well in shade. Each
2 to 3 feet \$1.75

Hydrangea paniculata grandiflora (P.G. Hydrangea)—Magnificent full Hydrangeas, famed for its huge cone shaped flowers of white that later are tinted pink and bronze, lasting for weeks. Fine for winter bouquets. 3 to 4 feet high at maturity. Loves shady locations. Hardy, easy to grow, blooms first season planted. Each
18 to 24 inches \$1.50
2 to 3 feet 2.00
3 to 4 feet 2.50

Hydrangea P.G., Tree Form—The Peegee Hydrangea pruned to a single stem with a head that blooms the first year. Each
4 to 5 feet \$3.50

Hydrangea macrophylla "Nikko Blue" (Blue Hydrangea)—The most beautiful of all hardy blue Hydrangeas. It has withstood temperatures of 20 degrees below zero. Tops die down in winter, but give them a little protection and the crowns will grow into bushy shrubs in one season. 2 to 3 feet tall with masses of China blue flowers. Try this new plant in your garden. (Needs addition of an acid fertilizer). Each Strong 2 year Crowns \$2.00

Hypericum, Golden St. Johnswort—Hardy dwarf shrub with dark green foliage that hangs on into winter. Blooms in July-August with yellow flowers at a time when most shrubs are out of season. Each
18 to 24 inches \$1.50

Kerria, Double Japanese Yellow—Has choice double golden flowers not unlike the button Chrysanthemums. Bushy in habit, to 4 to 5 feet, with many bright green stems, attractive all winter. Give it a sunny location and its golden blooms all summer will be a pleasure to observe. Flowers last well in water and are excellent for cutting. Each
18 to 24 inches \$1.75

Lilac, Common Purple—Very sweet scented. The most popular, and one of the earliest Lilacs to bloom. It is hard to outclass this old fashioned purple Lilac. Each
2 to 3 feet \$1.50
3 to 4 feet 2.00

Lilac, Common White—White form of the Common Lilac. Each
2 to 3 feet \$1.75

Lilac, French Hybrids—Until you have seen these Hybrid Lilacs, you cannot realize how beautiful they are. Immense single or double Lilac flowers. Bloom quickest, after planting, of all Lilacs, blooming very young, generally the next year after planting! We offer these Lilacs in 5 colors: Blue-Pink-Purple-Red-White! Each
2 to 3 feet \$2.95

P.S. It is important to plant Lilacs deeply, at least 2 or 3 inches deeper than they were grown here in our nursery. Further, DO NOT expect Lilacs to bloom correctly with full size flowers until not less than 2 years after planting. They require time to re-establish themselves and develop flower buds of the proper size and color. They respond rapidly to heavy feeding and are lovers of Alkaline soils. Use lime freely!

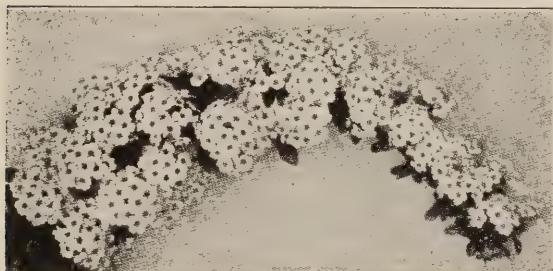

Lilac, Chinese (Persian) —The lovely, lacy, Chinese Lilac, often called the Improved Persian. Strong branches profuse with loosely clustered rosy-lilac blooms. Excellent for screen borders and develop handsome hedges. 6 to 8 feet at maturity.		
2 to 3 feet	Each \$1.75	
Lilac, "Pocahontas" Korean Early —The earliest to bloom of all the Lilacs, is also the only one with autumn color. This excellent hybrid blooms 7 to 10 days before Common Lilacs. They are very fragrant reddish purple, and bloom freely with rather large open trusses. 18 to 24 inches—Imported from Europe.....	\$3.50	
Lilac, villosa (Late) —This handsome shrub blooms after all other Lilacs are gone, with a rosy-lilac colored flower. Has the best foliage of all Lilacs and is a compliment of any border. 2 to 3 feet	Each \$1.50	
Mockorange, Sweet —Familiar shrub with vigorous erect habit that has white blossoms near Memorial Day. The breath of Orange blossoms, intense from the multitude of blooms, makes it a necessity to a garden and works splendidly in all sorts of plantings. 2 to 3 feet	Each \$1.50	
Mockorange, Golden —Bright yellow foliage makes a striking contrast with other shrubs or evergreens. Ultimate height 5 feet. Each 18 to 24 inches	\$2.95	
Mockorange, Virginal Double Flowering —A magnificent new variety. Far exceeds any other Mockorange in beauty and form. Flowers are semi-double and cover the entire bush in early June. Has scattered blossoms the balance of the year.		
18 to 24 inches	Each \$1.50	
2 to 3 feet	1.75	
3 to 4 feet	1.95	
Mockorange "Frosty Morn," Dwarf —Pure white very double and extremely fragrant flowers in June and July. Ultimate height is a dwarfed 40 inches. Just the plant where a hardy, dwarf prolific flowering shrub is wanted. 15 to 18 inches	Each \$1.75	
Photinia, Oriental —Beautiful shrub growing to 6 to 8 feet. Shining green foliage turns burning red in the fall. Highly prized for its brilliant red berries which are cut in early winter for bouquets. From this comes another common name "The Christmas Berry"! 18 to 24 inches	Each \$2.95	
Potentilla, Gold Drop —Charming small shrub, compact growth. Ultimate height 2 to 2½ feet. Excellent for under-window plantings. Buttercup-like flowers from early June until October. 18 to 24 inches	\$2.25	
Privet—See Hedges		
Prunus besseyei (Hanson Bush Cherry) —A new fruit-bearing shrub. Fruit grows massed in clusters almost completely covering the branches. Not only is it highly ornamental when in fruit, but the Cherries make wonderful rich jelly and jam. Often bears the first year after planting. Ultimate height, 4 to 5 feet. They always retain their dwarf stature. 18 to 24 inches	Each \$1.50	
Prunus tomentosa (Nanking Cherry) —A contented-looking shrub with straight upstanding branches, each stem completely surrounded by tiny Cherry blossoms, which envelope the whole bush. The red fruits which follow are very attractive and are delicious to eat. 3 to 4 feet		\$2.95
Quince, "Crimson Beauty" Red Flowering (Fancy)		
12 to 18 inches	Each \$1.50	
Quince "Nivalis" White Flowering (Fancy)		
18 to 24 inches	\$2.25	
Quince, Dwarf Flowering —Red flowering Dwarf type Quince. Ideal where small dwarf shrub is needed. Ultimate height only 2 or 3 feet. 18 to 24 inches		\$1.50
Quince, Dark Red Flowering —"The Red Fire Bush"—Covered with dazzling scarlet flowers early in spring. Very charming in combination with Forsythias and other early bloomers or in foreground of evergreens. 3 to 5 feet at maturity.		
18 to 24 inches	Each \$1.50	
Roses—See Hedges		
Russian Olive —Rather large growing shrub with silvery foliage. Fine for screen plantings for contrast with other shrubs. Particularly effective using it as a background for the Red Leaf Plum.		
3 to 4 feet	Each \$1.95	
Shepherdia "Silver Buffaloberry" —A tall dense shrub with silvery leaves and red oval edible fruits, valued for "Unusual" jellies and preserves. Very attractive for color contrast in a mixed shrub planting. People touring the nursery invariably stop, point, and ask, "My, what's that pretty shrub?"		
18 to 24 inches	Each \$1.50	
Smoke Tree (<i>Cotinus coggygria</i>) —Unique spreading tree-like shrub with large leaves that change to a brilliant red-yellow and orange in the fall. Overhung in midsummer by cloud-like masses of mist-like flowers, having the odd appearance of purple smoke. Matures at 8 to 10 feet.		
2 to 3 feet	Each \$1.95	
4 to 5 feet B&B	5.95	
SPIREAS		
Spirea Billiard —Blooms from July into September with large heads of rich warm pink flowers often 10 or more inches long on stems up to 4 feet long!! Good crisp green foliage even during midsummer. A fine plant for the border and in masses on slopes where layering stems will hold soil against erosion.		
3 to 4 feet	Each \$1.75	
Spirea "Anthony Waterer" —A favorite low-grower (2 to 3 feet at maturity). Masses of rose-crimson flowers envelope the plant in July, then scattered bloom until frost. Ideal for edging, low hedge, and foundation planting.		
18 to 24 inches	\$1.75	
Spirea, Frobels —Compact shrub of medium height producing numerous flat-topped clusters of orchid pink flowers during the summer. Later the foliage turns to the autumn colors.		
18 to 24 inches	Each \$1.50	

Spirea, White Japanese—Can be described as a "White Flowered Anthony Waterer" Spirea. Same dwarf neat compact habit as Anthony Waterer, with snowy white flowers, rather than red. Each
15 to 18 inches \$1.75

Spirea prunifolia plena (True Bridal-wreath)—Shrub of rather stiff dense growth, with shiny foliage, turning bright autumn tints in the fall. Has tiny double white flowers in clusters borne with utmost profusion along all of the branches as the leaves appear in the spring. Each
18 to 24 inches \$1.50
2 to 3 feet 1.95

Spirea, thunbergi—A shrub with thin, arching branches plentifully besprinkled in very early spring with tiny single snow white flowers. It is a dainty and very beautiful shrub, with feathery fresh green foliage that in autumn turns scarlet and orange. Each
2 to 3 feet \$1.50

Spirea, vanhouttei—One of the finest of the flowering shrubs and none so popular or widely planted. Its adaptability to almost any soil or situation makes it one of the most desirable shrubs under cultivation. Each
2 to 3 feet \$1.25
3 to 4 feet 1.50
4 to 5 feet 1.95

Spirea vanhouttei

Sumac, Aromatic—Excellent globe shaped shrub with brilliant aromatic foliage that colors orange to scarlet in the fall. Attractive bright red fruits. Used in bank plantings, covering roadside cuts and mass planting where fall foliage and fruits will be especially attractive. Each
18 to 24 inches \$1.50

Sumac, Staghorn—So named because its very fuzzy twigs are comparable to the antlers of a deer. Good for massing on large properties. It can easily outshine almost every other shrub especially in the fall with its flaming red leaves and all winter long with its colorful pyramidal fruit cluster. Each
3 to 4 feet \$1.50

Tamarix—There is a lacy loveliness about this shrub not found in others. The silvery-blue-green foliage is like a sheer veil. A sharp and delightful contrast is made by the airy rose-pink flower spikes which appear all summer. Each
Ultimate height, 8 feet.
2 to 3 feet \$1.95

Viburnum carlesi—Sold out this season.

Viburnum dentatum (Arrowwood)—Upright growing with light green leaves. Flowers greenish white followed by black fruit. A fine shrub for massing or foliage effect. Each
3 to 4 feet \$1.95
4 to 5 feet 2.95

Viburnum, Linden (dilatatum)—Large clusters of showy white flowers in May and June. Scarlet pink and purple berries almost hide the shrub in the fall and remain into the winter. Very attractive in its good foliage color and profuse fruiting. Each
18 to 24 inches \$1.50

Viburnum, Molle (Kentucky)—Much like Viburnum dentatum, but lower in stature, with darker foliage and flowers somewhat later. Each
18 to 24 inches \$1.50

Viburnum opulus (European Cranberry-Bush)—Beautiful tall shrub with vivid red berries, resembling cranberries, in the fall and winter. Earlier in the season its flat white, clustered flowers are very pleasing against bright green foliage. 6 to 8 feet high at maturity. Each
18 to 24 inches \$1.50
2 to 3 feet 1.95
3 to 4 feet 2.50

Viburnum opulus nana (Dwarf Cranberry-Bush)—A dwarf stubby plant never over 2 feet high, particularly adapted for edging and hedges in wet or heavy clay ground, where it is difficult for others to thrive. Can be clipped or left natural, in either case, it grows into a fine compact and low hedge requiring no care. Each
3 year transplants \$1.75

Viburnum opulus sterile (Snowball)—Old fashioned shrub that grows anywhere and blooms well. Characterized by its large clusters of white flowers at Memorial Day. Each
18 to 24 inches \$1.50

Viburnum Siebolds—Dr. Wyman says of this plant, "If I were to choose only one Viburnum for my garden, I think it would be this, because of the splendid long leaves (6 inches), its very desirable branching habit which results in rounded masses of foliage, interspersed with open areas where lights and shadows add much interest, and also because of its colorful fruit." The aristocrat among Viburnums. Each
18 to 24 inches \$2.95

Viburnum tomentosum plicatum (Japanese Snowball)—If all other Viburnums were thrown into discard, this one would justify the family. In early June the horizontal branches become perfect mosaics of wheel-like clusters, ringed with dazzling white flowers, with spidery sunburst centers resembling a fall of snow. Ultimate height, 7 feet. Each
18 to 24 inches B&B \$3.95

Vitex, Chaste Tree—Rich lavender-blue spikes of bloom from July to frost, 4 to 6 feet high. Star-like foliage. Striking appearance. Each
2 to 3 feet \$1.95

Weigela, Pink—Deep pink blossoms borne in June of this hardy Pink Weigela. Beautiful showy shrub. Each
18 to 24 inches \$1.50
3 to 4 feet 1.95
5 to 6 feet B&B 3.95

Weigela, Red—One of the most beautiful Weigela grown. Flowers throughout the summer and fall. Color of bloom is soft ruby-red, shading to garnet. Visitors here at the nursery are quick to note its superior qualities. Each
 3 to 4 feet \$2.25
 4 to 5 feet 2.95

Willow, French Pussy—Not the wild Pussy Willow but a fine cultivated French variety. Branches of this variety sell from \$1 to \$2 a dozen in the winter. You can grow them on your own lawn. Cut the ends of the branches in January or February, place indoors in a vase of water, sit back and watch them unfold their large catkins of silver-pink from 1 to 2 inches long. They will repay you many times their cost in pleasure! Each
 2 to 3 feet \$1.95
 5 to 6 feet 3.95

Witch Hazel—A spreading shrub of irregularly rounded outline, compact when young, but becoming open and picturesque with age. Will grow in partial shade and endures city conditions. Has misty yellow bloom in fall after leaves fall. Useful as a background shrub and as a specimen. Each
 18 to 24 inches \$1.50

HEDGES

Barberry Mentor

Barberry, Mentor (Plant Patent No. 99)—Very rugged, strong, upright growing branches and quite formidable thorns, foliage is heavy and thick, and of perfect color—a green as dark as the Yew. In Illinois the leaves remain green until after the holidays. Its most valuable attribute is its ability to withstand heat and drought. Will grow in almost any impossible location. Each Per 10
 15 to 18 inches \$1.75 \$16.50

Barberry, Greenleaf Japanese—There is no shrub in existence more popularly used for foundation plantings and hedges. Autumn paints the foliage crimson and bronze and studs the branches with red berries which hang on all winter. Each Per 10
 12 to 15 inches \$.85 \$7.50

Barberry, Redleaf Japanese—Attractive red foliage in FULL SUNLIGHT. Especially showy and rich in the foreground of shrub or evergreen groups. Excellent in combination with Golden Privet. 2 to 3 feet high at maturity. Each Per 10
 15 to 18 inches \$1.50 \$13.50

Barberry, Truehedge Columnberry—Rigidly columnar, compact for requiring almost no trimming. Valuable for narrow hedges, formal specimens, window boxes, etc. Glossy dense foliage turns red in fall. Can be held as low as 1 foot. Each Per 10
 12 to 15 inches \$1.00 \$9.00

Currant, Alpine (Ribes Alpinum)—A hardy dense shrub suitable for hedges or mass plantings. Small greenish flowers in May followed by scarlet fruit. Each Per 10
 18 to 24 inches \$1.95 \$17.50

Privet, Amur River Hedging— Per 25 Per 100
 18 to 24 inches \$8.95 \$30.00
 2 to 3 feet 11.95 40.00

Privet, Chinese (obtusifolium)— Each Per 10 Per 100
 18 to 24 inches \$.95 \$8.00 \$70.00

Privet, English Pyramidal—Cylindrical compact form of Privet requiring very little trimming. Fancy as a narrow hedge, window boxes, etc. Green waxy leaves make this Privet "Shine" above the rest of the family. (Fall only). Each Per 10
 12 to 15 inches B&B \$2.75 \$22.50

Privet, Golden (Vicary)—New hardy Privet that carries golden-yellow leaves, providing a wealth of interesting contrasts from early spring until late fall. Develops a neat compact shrub that can be trimmed into any shape. Suitable for use as an individual shrub, or for hedging. Each Per 10
 9 to 12 inches \$7.50

Privet, ibolium—Extra nice plants. Per 10 Per 100
 18 to 24 inches \$4.95 \$39.00

Privet, Loddense Dwarf—Very compact growing and requires little shearing. The foliage is very dark green and hangs on until mid-winter. Excellent for edging formal gardens. Per 10
 12 to 15 inches \$7.50

Rose, Father Hugo's (hugonis)—Graceful arching shrub, 5 to 6 feet in height. One of the earliest ornamental plant to come into flower, it frequently opens in April, covering itself with thousands of single yellow flowers of delicate fragrance. Each
 2 year No. 1 \$1.65

Rose, Grootendorst Red—This plant is the showiest hardy red rose in existence. It is covered the entire season with clusters of semi-double red roses. Vigorous grower and can be used almost anywhere in border. Each
 4 year No. 1 \$2.25

Rose, Hansa Red— Each
 3 year No. 1 \$2.25

Rose, Harrisons Yellow—An old fashioned yellow shrub rose, now returning to favor. The showy yellow roses, the fruits which follow, and the delicately cut foliage are among its assets. Each
 3 year No. 1 \$2.25

Teucrium, Dwarf Hedging—Shrublike plant of moderate growth. Has shiny dark leaves which hang on all winter. Resembles dwarf Boxwood and may be used where the latter is not hardy. Can be clipped to suit any height up to 12 inches. Used extensively as an edging for formal beds.

Per 10	
3 year pots	\$6.95

Willow, Dwarf Arctic Hedging—Beautiful new edging shrub. Will thrive in any type soil. Has fine cut bluish leaf and makes SPECTACULAR low hedge. Should have full sun to develop maximum attractiveness.

Per 10	Per 100
9 to 12 inches	\$3.95
	\$35.00

VINES & GROUNDCOVERS

Aristolochia, Dutchmens Pipe—A heavy growing vine reaches 30 feet or more. Of definite use where heavy foliage contrasts are desired as leaves are 12 inches and dark green. Best used where heavy shade is desired on porches, trellises, arbors or fences.

Each	
2 year	\$3.95

Bittersweet—Clusters of berries are large, the colors bright and the fruit stems long. The whole aspect of the vine is graceful. When ripe the bright yellow berries burst open to reveal brilliant red center. Hard to beat for winter decoration, indoors or out.

Each	
4 year transplants	\$1.95

Clematis, Henry White—It should have been called "Gigantic Henry" for the large white flowers sometimes measure 8 inches across. The growth is vigorous. Outstanding for its quality of bloom rather than its quantity. A hybrid of rare beauty.

Each	
5 year transplants	\$3.95

Clematis Jackman (Purple)—Hardy vine with very large purple flowers. They like rich moist situations and not too sunny a location. A favorite for trellis, arbor, porch.

Each	
2½ inch pots	\$1.95

Forsythia, Arnolds Dwarf—This new Forsythia grows only a few feet tall and the spreading branches root readily in contact with the ground. Its compact spreading growth habit makes a good ground cover. Introduced by the Arnold Arboretum.

Each	
18 to 24 inches	\$1.50

Honeysuckle, Everblooming Gold Flame—Bright, flame-pink and creamy gold, two-toned flowers make the loveliest new vine ever offered. Ultimate height, 15 feet.

Each	
2 year No. 1	\$1.95

Honeysuckle, Halls Japanese—Strong grower. Holds foliage until early winter. Flowers are white, changing to yellow. Very fragrant. Excellent for holding banks and ground cover.

Each	Per 10
3 year transplants	\$.95
4 year transplants	1.25
	9.50

Ivy, Baltic—Identical in habit to the English Ivy, but foliage not as large and more cut; a most graceful vine, perfectly hardy and a splendid evergreen fine on walls with north exposures. This makes an excellent ground cover.

Each	Per 10
3 year No. 1	\$1.25
	\$9.50

Ivy, Boston—The best known vine for covering walls and chimneys. It climbs rapidly once it has firmly taken root, and will cover the entire side of a house in a few short years. Plant 6 feet apart.

Each	3 for
2 year No. 1	\$1.50
	\$3.95

Ivy, Engleman—Refined, vigorous climber. Rich brilliant crimson foliage in fall. Excellent ground cover, run on trellises or wall. Clings to wire fence, windwills, tree stumps, wooden fences, etc. Planting distance, 6 feet apart.

Each	3 for
4 year No. 1	\$1.50
	\$3.95

Ivy, Thorndale Evergreen—Have year around beauty with the lovely English Ivy. Enjoy its glossy green leaves, even in the winter on house walls, chimneys, fences and gates. Nice when used for banks and slopes, cover trunks of big trees and edging pools. Each

3 for	
2 year cans	\$1.95
	\$4.95

Polygonum, Silver Lace Vine—The fastest growing vine in cultivation. Reminds one of the cartoon of the vine that grows so fast you have to shut the door quick to keep it from following you in. It's what you want to cover a big area in a short time. Either on trellis or on the ground. Blooms first year with great masses of foamy white flowers. Each

3 for	
2 year No. 1	\$1.95
	\$4.95

Polygonum, Dwarf Fleece Vine (reyneutria)—Its pale green foliage is aflame with brilliant red hues. Height between 6 and 10 inches. In fall has airy pink sprays of flowers, not unlike those of Silver Lace Vine. One of the best ground covers for sunny places where Vinca would not be satisfactory. Space plants 18 inches apart.

Each	3 for
3 year	\$1.50
	\$3.95

Rose, Blaze (Everblooming Red Climber)—
Rose, Pauls Scarlet (Bright Red)—

Each	
4 year No. 1	\$2.25

Trumpet Vine (Campsis radicans)—A glorious display of red and orange trumpet shaped flowers it put forth during July and August. The flaming blossoms are borne in clusters at the tips of the branches. Each flower is about 3 inches long. Climbs to 25 or 30 feet. Just the vine for telephone poles, unsightly old tree trunks, etc.

Each	
2 year No. 1	\$1.50
	\$1.50

Vinca Minor (Periwinkle)—Lovely ground cover for shady places that are difficult to maintain. Dark glossy, green leaves on trailing runners. Sky blue flowers in June to augment beauty of foliage.

Each	Per 10
Cans	\$.45
	\$3.95

Vinca Minor "Bowles" Variety—Larger and glossier foliage than the other fine Vincas. Threatening to "Out date" common Vincas. The flowers too are more intense and tend to grow more in clumps. Flowers China-Blue.

Each	\$.75 per 10
	\$6.95

Wisteria, Longcluster Japanese—The Wisteria of the Japanese gardens with racemes of flowers which attain a length of 2 feet or 3 feet!! And are to familiar to us from the works of Japanese artists. Long purple flowers. Each 2 year—imported from Europe \$2.95

Wisteria, Chinese—Long, attractive clusters of purplish-blue flowers early summer. Vigorous grower and one of the hardiest climbers. Each 3 year \$1.75

ROSES

HYBRID TEA ROSES

2 year No. 1 Each \$1.75 3 for \$4.65

RED SHADES—

Christopher Stone—Fragrant velvety rose of vivid scarlet.

Crimson Glory—Deep crimson, perfect form, large size and fragrant.

Eva Harkness—Crimson scarlet.

Etoile de Hollande—Dark velvety red—fragrant.

Poinsettia—Our favorite!! Bright unfailing scarlet.

PINK SHADES

Editor McFarland—Brilliant pink.

Picture—Velvety clear—rose-pink.

The Doctor—Satiny pink—fragrant.

YELLOW SHADES—

Golden Dawn—Sunflower-yellow, flushed old rose.

McGredys Yellow—Bright buttercup yellow—fragrant.

TWO-TONED SHADES

Condessa de Sastago—Deep coppery-pink inside, golden yellow reverse.

Countess Vandal—Color combination can hardly be described—pink, copper, gold and salmon.

Henrich Gaede—Bright vermillion, toned gold. Very fragrant.

President Herbert Hoover—Yellow with pink and flame tints.

WHITE SHADES—

K. A. Victoria—Double snowy white.

Pedralbes—Pure white with yellow center. Fragrant.

FLORIBUNDA ROSES

2 year No. 1 Each \$1.65 3 for \$4.50

Alain—Bright carmine-red, color lasts.

Eutin—Deep red. Our highest rated floribunda.

Floradora—Scarlet and geranium red. AARS award 1945.

Frensham—Dark velvety crimson.

LaFayette Improved—OUR FINEST!! Large clusters of bright cherry-crimson roses!

Rose Elfe—LaFrance pink. Our best pink.

CLIMBING ROSES

Blaze, Everblooming—New improved strain of the popular climber, blooming throughout the summer season until frost. Brilliant 2 to 3 inch scarlet-red.

2 year plants Each \$2.25 3 for \$5.90

New Dawn—Apple blossom pink flowers of old rose fragrance. EVERBLOOMING CLIMBING ROSE.

2 year plants Each \$2.00 3 for \$5.25

Pauls Scarlet—Large well shaped flowers of a vivid scarlet. Red that does not fade.

4 year plants Each \$2.25 3 for \$5.90

PATENTED CLIMBING ROSES

Climbing Crimson Glory (Patent No. 736)—Produces an abundance of perfectly formed crimson roses. Everblooming.

Price \$2.50 3 for \$6.60

Climbing Goldilocks (Patent No. 1090)—A truly everblooming yellow climber, producing buds resembling miniature Hybrid Teas of rich golden-yellow color. Blooms in large clusters.

Price \$2.50 3 for \$6.60

Dr. J. H. Nicholas (Patent No. 457)—Vigorous plant carrying dark green foliage. Produces fully double deep pink flowers, five to six inches across. Grows 8 to 10 feet high and is everblooming.

Price \$2.25 3 for \$6.00

Rose

Golden Showers (Patent applied for)—Golden Showers is the first winter-hardy everblooming Pillar and Climbing Rose that actually blooms from early spring through to late fall. The buds and flowers are exquisitely shaped daffodil yellow, long pointed buds with fragrant, high centered, 25 to 30 petaled, 3½ to 4 inch, yellow open blooms. Almost thornless. Highly resistant to mildew and black spot. 1957 AARS AWARD WINNER.

Price \$3.00 3 for \$7.95

PATENTED FLORIBUNDA ROSES

Circus (Patent No. 1382)—The predominant color is yellow with tight buds marked with red. As blooms open they offer an ever-changing succession of delightful shades, with the fully-blown flowers tipping on a finishing flourish of bright scarlet. Changing colors—yellow, orange, apple blossom pink, and red makes it unique in the Rose world. Fits beautifully into the garden as a colorful border, massed in beds or planted singly. The only winner of the coveted AARS AWARD FOR 1956.

Price \$2.50 3 for \$6.60

Fashion (Patent No. 789)—Brilliant luminous coral flowers overlaid with gold, opening with waxy graceful petals. AARS AWARD FOR 1950.

Price \$2.00 3 for \$5.25

Goldilocks (Patent No. 672)—Rich golden yellow long lasting, hardy and vigorous.

Price \$1.75 3 for \$4.65

Independence (Patent No. 1036)—Large brilliant orange-scarlet or better described as firecracker red.

Price \$1.75 3 for \$4.65

Jiminy Cricket (Patent No. 1346)—Features tangerine red buds, opening to coral-orange and finishing in a pink-coral. Pleasing old rose fragrance. AARS AWARD for 1955. Its prolific blooming habit qualifies it as an outstanding color mass in border edge. When cut the flowers hold well for household arrangements.

Price Each \$2.00 3 for \$5.25

Red Pinocchio (Patent No. 812)—Rich carmine; gradually deepens as blooms open. Wild rose fragrance.

Price Each \$1.75 3 for \$4.65

Vogue (Patent No. 926)—Unique, brilliantly glowing cherry-coral roses, 3 to 4 inches in diameter. Rich spicy fragrance. AARS AWARD for 1952.

Price Each \$2.00 3 for \$5.25

White Pinocchio (Patent No. 1010)—Pure white, semi-double flowers with yellow stamens. Large 2 to 2½ inch flowers.

Price Each \$1.50 3 for \$3.90

Yellow Pinocchio (Patent No. 992)—Newest member of the Pinocchio family. Great masses of apricot yellow roses. When at the peak of bloom, it is a rounded mound of yellow.

Price Each \$1.50 3 for \$3.90

PATENTED HYBRID TEA ROSES

Charlotte Armstrong (Patent No. 455)—Unique color with long slender blood-red buds opening to brilliantly colored open flowers, spectrum red in cool weather, cerise in hot weather. AARS AWARD in 1941.

Price Each \$2.25 3 for \$6.60

Chrysler Imperial (Patent No. 1167)—Its vivid rich tones of crimson are enhanced by darker overtones of glowing oxblood-red, and the gem-like lustre of garnet in the buds retains its sprakling beauty. Flowers measure 4½ to 5 inches with 40 to 50 wide petals!! The opening of each rose is a spectacle of changing iridescent shades of red. AARS AWARD for 1953.

Price Each \$2.50 3 for \$6.60

Fred Howard (Patent No. 1006)—Long yellow buds tipped with penciling of light pink. Long stems excellent for cutting. AARS AWARD for 1952.

Price Each \$2.00 3 for \$5.25

Golden Scepter (Patent No. 910)—Rare, new unfading golden yellow; long slender buds. Won Holland's highest rose award.

Price Each \$2.00 3 for \$5.25

Helen Traubel (Patent No. 1028)—The color varies with the weather, sometimes a sparkling pink, more often a shinig apricot. Its long large buds are magnificent and the half open flower and fully opened blooms display the color in an even more lavish way. AARS AWARD for 1952.

Price Each \$2.50 3 for \$6.60

Katherine T. Marshall (Patent No. 607)—Large open upright blooms of warm glowing pink. This rose has a wonderful, fruity fragrance.

Price Each \$1.75 3 for \$4.65

Lowell Thomas (Patent No. 595)—Large very double, (35 to 40 petals) high centered, lasting, clear canary yellow. AARS AWARD for 1944.

Price Each \$2.25 3 for \$6.00

Mojave (Patent No. 1176)—AARS AWARD for 1954. Blend of salmon, apricot and orange and in cool weather this salmon changes to red blended with orange and apricot.

Price Each \$2.75 3 for \$7.20

New Yorker (Patent No. 823)—Brilliant red with color long lasting. Flowers often measure 6½ inches across, overlaid with a rich velvety sheen.

Price Each \$2.25 3 for \$6.00

Nocturne (Patent No. 713)—Cardinal red with dark shadings of crimson, very pleasantly fragrant. AARS AWARD for 1948.

Price Each \$2.25 3 for \$6.00

Peace (Patent No. 591)—Adjudged by experts to be the greatest rose of all time!! Magnificent large very double blooms, ranging in color from a deep yellow in bud to creamy yellow with cerise-pink edging as the petals unfold and finally an alabaster shade in fully open blooms. Very strong grower.

Price Each \$2.50 3 for \$6.60

President Eisenhower (Patent No. 1217)—Large blooms of rich, unfading, uniform rose-red, with lasting brilliance, come singly on strong stems.

Price Each \$2.25 3 for \$6.00

Rose of Freedom (Patent No. 791)—Winner, City of Portland Award for 1947. A Hybrid Tea with 60 to 70 petaled, long stemmed, currant-red blooms with true Rose fragrance. Highest scoring red rose in 1946-47 nation-wide trials.

Price Each \$1.75 3 for \$4.65

Sutter's Gold (Patent No. 885)—Long pointed yellow buds, shaded with orange and red. Rich tea fragrance, not found in other yellow roses. AARS AWARD for 1950 and Foreign Gold Medal winner in Paris for 1948.

Price Each \$2.25 3 for \$6.00

Tiffany (Patent No. 1304)—Long pointed buds are deep pink with golden yellow shadings at base of petals. Outstanding fragrance. AARS AWARD for 1955.

Price Each \$2.00 3 for \$5.60

PATENTED GRANDIFLORA ROSES

"The New Grandiflora Class consists of varieties relatives tall in growth, free flowering, often with many flowers in clusters but with individual stems long enough for cutting. The flower size, though not necessarily as large as Hybrid Teas, is larger than the average Floribunda, with Hybrid Tea standard for bud and flower form."

Buccaneer (Patent No. 119)—Brilliant flowers of non-fading, lasting clear yellow. Strong growing plant. Received Gold Medal at the Geneva, Switzerland, Trials and Certificate of Merit at Bagatelle and Rome.

Price Each \$2.50 3 for \$6.60

Carrousel (Patent No. 1066)—The large double flowers could easily class this Rose as a Hybrid Tea, but the blooms appear in clusters so free blooming it is classed as a Floribunda. Continuous mass of glowing deep red flowers regardless of weather.

Price Each \$2.00 3 for \$5.25

Queen Elizabeth (Patent No. 1259)—First grandiflora rose. Pure pink, and its blooms are set off dramatically by deep glossy foliage. Long, almost thornless stems. AARS AWARD for 1955.

Price Each \$2.50 3 for \$6.60

APPLES

Price Each \$2.25 3 for \$5.95

SUMMER VARIETIES

Duchess Red—Eating, pies and sauce.

Yellow Transparent—Early July or August. Eating, pies, sauce, and baking.

FALL VARIETIES

Wealthy—Ripen September. Excellent for pie sauce and baking apple.

WINTER VARIETIES

Red Delicious—Flavor very mild, sweet and juicy. Good keeper.

Delicious

Yellow Delicious—Youngest and heaviest bearer. Keeps all winter. Wonderful pie and baking apple.

Grimes Golden—Old favorite. Dependable and productive producer.

Jonathan—For year the standard of quality. Crisp and tender.

Winesap—Delicious fresh or cooked. Grown everywhere with grand success. Baking, pastry, freezing, EVERYTHING!! A perfect all round apple.

DWARF APPLE

SMALL IN SIZE BUT BIG IN CROPS

DWARF FRUIT TREES

Bear full size fruit

Dwarf Apple Trees—In one or two years after planting, these low-growing, dwarf trees bear standard size apples, and now you can have a miniature orchard by spacing these "little fellows" about 10x10 feet. Originated in England, these trees always stay dwarfed and come into bearing very soon after planting.

Dwarf Red Delicious—Mall IX

Dwarf Yellow Delicious—Mall IX

Dwarf Jonathan—Mall IX

Dwarf Yellow Transparent—Mall IX

Price Each \$4.75 3 for \$12.50

MULTIPLE APPLE

5-n-1 Apple—Scientifically budded to produce five kinds of apple varieties—Red Delicious, Jonathan, Grimes Golden, Yellow Transparent, and Stayman—all on one tree. If your space is limited, plant one or two of these trees. They CROSS POLLINATE THEMSELVES.

Price Each \$4.95 3 for \$12.50

DWARF PEAR TREES

Full size, top quality pears grow on these dwarf trees. Lovely as a flowering tree, they are both decorative and beautiful.

Dwarf pear trees are also a very valuable addition to any lawn or garden. Like the apple, it is a low-growing tree. Fruit is easily accessible from the ground and the fruit is large standard size. Approximately 15 feet at maturity. Plant 12 feet apart.

Bartlett

2 year trees Each \$3.95 3 for \$9.95

DWARF CHERRY TREES

Meteor Dwarf—
Dwarf North Star—

2 year trees Each \$3.95 3 for \$9.95

PEACHES

2 year trees Each \$2.25 3 for \$5.95

A Dependable Team of Time Tested Favorites

Elberta (Yellow Freestone)—The great market Peach, midseason. Very large, golden yellow with a red cheek. Tree is very productive, yields large quantities of uniform, highly colored fruit. Can be shipped or hauled to distant markets. EXCEEDINGLY PROLIFIC.

Early Elberta—About a week earlier than Elberta, with all its good qualities. A special strain of Early Elberta that we have fruited for years and subjected to every test found it a moneymaker wherever grown.

J. H. Hale—In size and color, texture, flavor, keeping and shipping qualities, it is the "Giant of Peaches." Excellent freestone "Million Dollar Peach."

Belle of Georgia—Large attractive white Peach with red cheek. Delicious in flavor; one of the best market varieties. Very hardy and easy to grow. Home canners prefer Belle, and for some time it has been recognized as the best all-round white Peach on the market. Belle ripens midseason; large size free stone.

Hale-Haven—A large new yellow freestone developed by crossing J. H. Hale and South Haven. Its high color even before complete ripening, gives it great market value because of the advantage of premature picking, packing and shipping without loss. Ready 2 weeks before Elberta.

PEARS

2 year trees Each \$2.75 3 for \$6.75

2 year plants Each \$1.00 3 for \$2.00

LUSCIOUS, ALL COLORS AND FLAVORS

Concord—(Blue)
Moores Early—(Early Blue)
Fredonia—(Early Blue Black)
Niagara—White)
Red Amber—(Red)
Caco—(Early Red)

STRAWBERRIES

Home Nursery plants, standard for quality for 70 years, are still your best bet for big crops of better berries. As this is written in fall, 1956, all our plants look great. Why not plan to use some of them.

Premier—"The frost proof berry." Early berry rates high enough, both in firmness and freezing quality to have good acceptance by buyers either in the fresh market or for processing. SURE CROPS and BIG CROPS are the key to its lasting popularity.
Per 25 plants—\$1.25 Per 100 plants—\$3.75

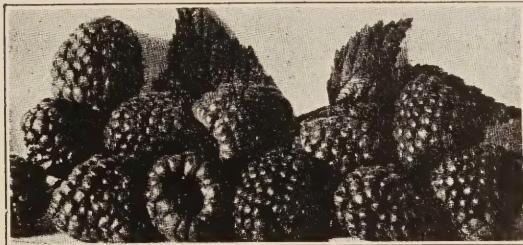

Dunlap—One of the best for canning! And ideal for table use. By far our best seller. Excellent for freezing.
Per 25 plants—\$1.25 Per 100 plants—\$3.75

Robinson—"The Giant Berry." Fine for canning, eating and freezing. A very heavy bearer. We like the mild sweet flavor of Robinson so well we use it as our own dessert berry, and for freezing exclusively.
Per 25 plants—\$1.50 Per 100 plants—\$4.00

Gem—"Equal to the Best." (Everbearing) We think more highly of Gem as one of the very best of the everbearers, as we read lengthy descriptions of other leading everbearers. For everything said of fancy new everbearers applies to Gem.
Per 25 plants—\$1.75 Per 100 plants—\$4.50

P.S. We have 48 varieties of Strawberries under production in our fields. As they prove themselves we shall add them to our lists, and if you are interested in some of the newer varieties, ask our salesman about them as we have limited quantities of all the 48 varieties available to you.

RASPBERRIES

Cumberland Black Raspberry

Cumberland (Black)—Midseason. Berries are large fine, and sweet. Cumberland has been the standard blackcap for many years. Plants are self-supporting non-suckering. Plant in early spring.

No. 1 tips Per 25 \$3.75 Per 100 \$12.00

Bristol (Giant Black)—One of the best new black Raspberries. Berries are large, firm and of excellent quality. A heavy producer.

No. 1 tips Per 25 \$3.75 Per 100 \$12.00

Black Hawk (New Giant Black)—A new hybrid blackcap, originated by Iowa State College. Large, juicy and of rich flavor.

No. 1 tips Per 25 \$10.00 Per 100 \$35.00

Sodus (Purple)—This variety is the most promising Purple Raspberry on the Geneva Experiment Farm. Berries are large, firm, and of good quality. Plants are vigorous and productive. Ripens shortly after Latham. DOES NOT SUCKER!!

No. 1 tips Per 25 \$4.50 Per 100 \$13.50

Latham (Red)—Exceptionally large berries of good quality. Perfectly hardy; vigorous; disease resistant. Very heavy producer, very profitable commercially.

No. 1 suckers Per 25 \$4.75 Per 100 \$15.00

Taylor (Red)—Is the most promising red variety at the present time. Plants are hardy, vigorous, productive, and increase rapidly. Berries are sub-acid and of excellent quality.

No. 1 suckers Per 25 \$4.75 Per 100 \$15.00

Chief (Early Red)—An early bearing variety. A productive sort.

No. 1 suckers Per 25 \$4.75 Per 100 \$15.00

Indian Summer (Red Everbearing)—Fall or so-called Everbearing Red Raspberry. Berries are large, medium red, and good in quality. The summer crop ripens early. The autumn crop starts early in September and continues until severe frost. Plant are vigorous and bear heavy crops. Originated by the New York State Agriculture Experiment Station.

No. 1 transplants....Per 25 \$7.50 Per 100 \$20.00

BLUEBERRIES

3 year plants	Each \$2.00	3 for \$5.00

NOTICE TO CUSTOMERS

This catalog lists our trees and shrubs, but to appreciate them fully you should see them. COME TO THE NURSERY AND LOOK AROUND!

PLANTING begins in the spring as soon as the frost is out of the ground and extends through April, May and June. Fall planting begins in August and extends into December or until the ground freezes. When the season is far advanced, we reserve the right to ball and burlap (B&B) at extra charge, those items not so listed, to insure success in transplanting.

BUSINESS HOURS—Spring season (April and May) and fall season the Nursery will be open from 8:00 a.m. to 12:00 noon and from 1:00 until 5:00 p.m. Sunday from 9:00 a.m. until 12:00 noon and 1:30 to 4:00 p.m. During summer and winter months we are open 8:00 a.m. to 5:00 p.m. SUNDAYS by appointment only. No stock dug on Sundays.

PRICES in this list do not include cost of delivering and planting. Plants are priced for our selection only. Specimen plants, many of which are not included in this list, will be charged for according to their individual value when selected by you. All quotations subject to prior sale. These prices supersede all others and are subject to change without notice. On personally selected material for future delivery a 20% deposit is requested which is not refundable.

DELIVERIES—Free deliveries on orders of \$20.00 or more within a 50-mile radius of LaFayette. Special deliveries conflicting with normal schedule will be arranged at charged for at cost.

SALES TAX of 3% is charged on all orders.

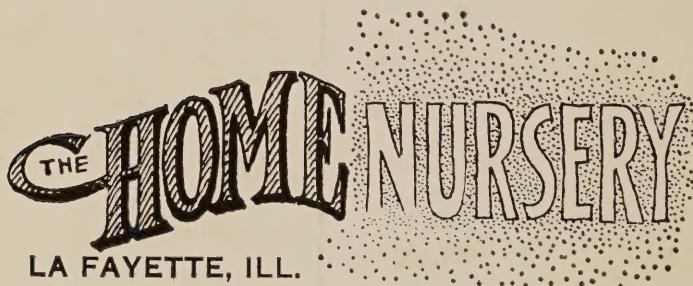

RIGHT NOW SUGAR OR HARD MAPLES TO 35 FEET IN HEIGHT
